

## Rewardbox™

Rewardbox™ is the ultimate online multi-channel loyalty and rewards management system.

Easy to use, infinitely scalable and built using one of the world's top e-commerce platforms, Rewardbox™ currently manages millions of users, from simple employee reward and recognition programmes to complex trade channel and customer loyalty programmes. Plus, it can also be fully integrated into your systems, and even reflect your company's branding and design style.

### Benefits for you

- Our customisable website template can be tailored to suit your brand
- Fully scalable and flexible
- Multi-channel access – online, SMS, email or telephone
- Can fully integrate with any system
- Easy to use, so staff training is minimal
- Comprehensive financial and reporting controls
- Multilingual and multi-currency functionality available
- You focus on the success of the programme while we take care of the logistics
- Stress-free programme management

### Benefits for recipients

- Over 35,000 Argos products to choose from, plus over 5,000 products sourced from other specialist retailers
- Third-party rewards including alcohol, chocolates, experiences, flowers, fragrances and hampers
- Bespoke catalogue structure
- Transfer your rewards to a giftcard to spend in-store
- Charity donation facility
- Home or business delivery also available for added convenience
- Online account statements available

Other reward types	Ideal if you want
Giftcards and Vouchers	to offer choice and convenience to recipients
Product Specific Vouchers	a more effective fulfilment solution for Argos products
Rewards Card	to run larger programmes, with either one-off or ongoing rewards
Merchandise	to issue tangible products as the end reward
